## Night Walks

6 p.m.

2023

**Stop the gun violence!** Far too many people in our community have died before their time. Far too many people are wasting their lives in prison. Oakland Ceasefire is a movement to stop the killings without sending more people to jail. We are uniting to build a culture of peace and healing. We are walking our neighborhoods to carry this message: **We love you and we want you to be alive and free!**
